670.5 V. 87

General Alphabetical Index

PAGES BY ISSUES

January 67– 134
February 14..... 249– 316
February 28..... 467– 536
March 691– 760
April 927– 998
May 1135–1204
June 1355–1422
July 1567–1634
August 1759–1826
September 1975–2046
October 2215–2280
November 2429–2501
December 2641–2712

A

Accident and accident prevention—Chemical burns 1803

Accounting

Cost system for precision. R. E. Loper. 491
Dyehouse records which permit intelligent planning. W. B. McKay.....1154
Power cost records needed to back engineer's recommendations. S. W. Allen 1783
Production control must insure a steady flow of goods. C. D. Warren.....1592
Systematic purchasing. Charles van de Putte 82
Tags on machinery and cards in a file save a headache. H. L. Pratt..... 269

Air Conditioning

Air conditioning. A. W. Benoit (Mill engineering section) 2444
Algae in air conditioners. S. H. Coleman 2689
Apex Hosiery Mills air conditions for comfort and efficiency..... 94
Applications of air conditioning to rayon plants. L. L. Lewis.....1384
Carter Fabrics erects the rayon mill of the year.....1997
Dust-filter efficiency increased by rearrangement 2479
Equivalent atmospheric conditions for textile laboratories 975
Startex Mills installs air conditioning system 1376
American Association of Textile Technologists—Officers elected at New York meeting 253
American Cotton Manufacturers Association—Washington meeting 1362
American Society for Testing Materials—Committee D-13 (ed.)..... 930
Committee D-13 assails regain standards at Providence meeting..... 938
D-13 plans staple tests.....2466
American Society of Mechanical Engineers—Textile Division meeting in Cambridge, Mass. 2467
Textile division meeting at Greenville...1168

B

Bleaching—Effect of bleach on knit goods 980

C

Carolina Yarn Association—Meeting at Pinehurst, N. C.....2648

Carpets and Rugs

Aircraft industry uses textiles.....1778
Carpet yarn calculations.....2485
Tuft length measured with simple device. Hopkins & Dow.....1159
Winding velvet carpeting.....1184
Chattanooga Textile Group meeting.....1599
Costs—Precision through cost methods. R. E. Loper..... 491

Cotton

Electric eye picker.....2003
Flat-bundle test for cotton fiber strength. M. A. Grimes..... 92
Loan arrangement (ed.).....2001, 2003
Mechanical cotton pickers in operation in Mississippi 2229
Mellon Institute of Industrial Research reports on progress.....2228
New mechanical cotton picker..... 78
Picker progress. M. G. Barnwell.....1367
Sea-Island cotton revival. M. G. Barnwell 76
Cotton Manufacturers Association of Georgia—Sea Island Beach meeting..1575
Cotton Manufacturers Association of North Carolina convention 2650
Cotton Manufacturers Association of South Carolina—High Hampton, N. C. meeting 1576

Cotton Manufacturing

A.C.M.A. convention at Washington....1362
A.S.M.E. meeting discusses cotton spindleage 2567
A.S.M.E. Textile Division meeting at Greenville 1168
Apex Knitted Fabrics established in New York 276
Bathing suits for 1938. Eleanor Weaver.1770
Beam dyeing 2658
Blanket weaves 297
Blue spots on cotton.....2690
Calculating necessary machinery for cotton yarn. G. R. Merrill..... 84
Calculating whether mill equipment meets requirements. G. R. Merrill...1387
Calculations for balancing a mill on print cloth. G. R. Merrill..... 950
Calculations for circular machines. Paul Smith 1590
Callaway Mills experiments to help its business 2647
Candlewick bedspreads 1768
Cannon's golden anniversary..... 696
Changing travelers 736
Clark Thread Co. celebrates 125th anniversary 1774
Cleaning travelers 2261
Corduroy fabrics. Thomas Nelson.....1578
Corset cloth dyeing.....2689
Cotton technical survey. H. P. Pratt.. 510
Cotton week 1359
Coverlet history exhibit at Newark, N. J. museum.....2020
Developments in cotton-spinning methods. J. L. Truslow..... 934
Dyeing of mohair and cotton fabric is streaky 113
Entering methods of the cotton system applied to rayon industry. F. J. Luettgen 1805
Equivalent atmospheric conditions for textile laboratories 975
$5,000 invested to create each job in cotton industry. W. G. Ashmore..... 256
Five new finishes lead technical advances in processing divisions..... 530
Finishing helps for overseers..... 532
Finishing profits in cotton offset losses in other sections..... 529
Fixing soft cloth rolls. O. J. Ducharme 2479
Getting the mill in balance on print cloth. G. R. Merrill..... 741
Gingham spruces up with novelty patterns. Thomas Nelson..... 88
Helps for cotton overseers..... 512
Improper ageing can be printer's nightmare. Malcolm MacKay..... 730
Inspection system for looms. W. F. Parry 2480
Jacquard harness tying.....1398
Japanese agreement interpreted by Dr. Murchison at dinner..... 701
Japanese cotton exports to the U. S. to be restricted..... 254
Japanese cotton goods threaten industry but Murchison decision helps..... 486
Kendall philosophy outlined in booklet on company 1595
Knitting calculations. J. F. Cahill.....2262
Labels have cut filling..... 298
Lace making machines.....2031
Lancashire, Eng. drive to stop weak selling 947
Larger package quest. Lamar Fogel..1777
Long draft roving. A. K. Landau.....2662
Loom census shows need for modernization 2672
Loomfixers' manual. Ivar Moberg..... 1764, 2232, 2486, 2667
Loop strength test for yarn. A. C. Clifford 2673
Lubrication pointers 974
Luster finish on cotton sheeting..... 980
Machinery apportioned in coarse sheeting mill. C. R. Merrill.....1160
Martha Mills plant expands a third time 1776
Maverick Mills straightens out production line with new cloth room.....1597
Mercerizing's effect on cotton. Eber Midgley 1382
Mill village sold to employees of Whitney Mfg. Co.....1774
Mills established in 1936..... 484
Moisture control device applied to cotton slashing. R. P. Hawkins..... 743
N.A.C.M. convention in Providence.....2221
New weaves created by a motif in the draw and another in the chain. William Higgins 1580
1936 a good year in the cotton-textile industry 509
Northern North Carolina-Virginia Division of S.T.A. meeting.....1180
Novelty suiting selected by college girls for style show..... 949
Oil spots on cotton serge..... 739
Oil stains removed from gray goods....1803
Organizations for 1½s and 3½s cotton yarn 296
"Paint box prints".....2678
Picker feed used in southern mill..... 115
Pique, warp, featured in summer wear. Thomas Nelson 1144; comment, Y. L. Chang 2261; Thomas Nelson.....2688
Planning large package spinning. A. K. Landau 2010
Plastics use various fabrics in their manufacture. J. Delmonte..... 278
Polo cloth is streaked.....2031
Precision overhauling displaces obsolete methods 2236
Print-shop creases on sheer cotton fabrics. F. A. Newton..... 268
Purchasing systematically assures better quality supplies. Charles van de Putte 82
Rayon on cotton looms. J. S. Stevens.. 293
Rayon satin, cotton-backed, chafed....2485
Rayon staple on cotton machines.....1980
Representative modernization work, 1936 485
Riverside & Dan River Cotton Mills modernize 2005
Roving goes long draft..... 722
S.T.A. Eastern Carolina Division meeting 1380, 2480
S.T.A. Gaston County Division meeting.2263
S.T.A. Master Mechanics Division meeting 1401
S.T.A. meeting at Myrtle Beach.....1475
S.T.A. Northern North Carolina-Virginia Section meeting 2481
S.T.A. Piedmont Division meeting.....2692
S.T.A. Tennessee Division meeting.....2693
S.T.A. Western South Carolina Division meeting 2482
Scroop finish on glazed yarn.....2031
Should a weaver see every inch of cloth? Ivar Moberg..... 264
Shuttle-box adjustment 2485
Sizing on cotton warp yarns.....1594
Slashing system discussed by Textile Operating Executives of Georgia.....2226
Slide-fastener tape 112
Southern Textile Exposition described. 1161, 1172
Spindle for paper cops. C. H. Callahan 292
Spinning cotton yarn..... 113
Splicing 8/8s cotton yarn..... 739
Staple cotton fabrics; cotton warp, rayon filled crepe, seersucker, monie crepe. John Hoye.....1386
Staple cotton fabrics; crepes. John Hoye 1157
Staple cotton fabrics; diaper cloth, curtain madras, rice cloth. John Hoye..2014
Staple cotton fabrics; five leaf filling twill, sateens, filling sateen. John Hoye 281
Staple cotton fabrics; grosgrain. John Hoye 2470
Staple cotton fabrics; moleskins, reinforced twills fine yarn high count twills, French-back serge twills, cotton shantung, umbrella. John Hoye. 97
Staple cotton fabrics; monk's cloth, warp rep or moreen. John Hoye....2674
Staple cotton fabrics; pique, bedford cord. John Hoye.....1791
Staple cotton fabrics; plisse and blister crepes embossed crepes. John Hoye.1596
Staple cotton fabrics—venetians, crepes. John Hoye 951
Staple cotton fabrics; waffle cloths. John Hoye 2240
Staple cotton fabrics; warp sateens. John Hoye 714
Staple on cotton system. H. O. Kennette 1150
Startex Mills revamped completely.....1374
Static in knit tubing.....2265
Statistics of cotton textiles 1927-1937... 931
Stiff finish of cotton fabrics..... 113
Stripping machine 115
Student style show at Raleigh, N. C...1181
Textile Operating Executives of Georgia meet 977
Theme song designs.....2012
Tire cord, new type.....2645
Tire yarn—what machinery to make 7600 lb. of 23s in 10 hr? G. R. Merrill 279
Truck for hauling or storing picker laps 115
Twist contraction for finished tire cord.2032
Upholstery fabric dyeing..... 112
Velvet of cotton-sput rayon..... 740
Waste can sink profits in a cotton mill. W. A. Hunt..... 728
Wavy cotton cloth.....1184
Weave-room secrets are obsolete in modern cotton manufacturing. J. M. Bolt 1400
Weave room topics. J. M. Bolt.....1611
West Point Mfg. Co. builds Shawmut Laboratory to improve technical control and research of cotton.....2006
Winding webbing. V. C. Boris..... 292
Wiring at Pepperell. Comer Turley....1582
Cotton Textile Institute—New York meeting 2462
Credit union. L. A. Schwellenberg.....1801

D

Design

Bedford-cord novelties. R. A. C. Scott. 270, 698
Blanket weaves 297
Corduroy fabrics. Thomas Nelson.....1578
Coronation influence on fabrics reflected in Paris. Florence Burchard..... 943
Coverlet history exhibit at Newark N. J. museum.....2020
Fall fabrics. C. C. Mattmann, Jr.....1601
Fashion Futures show in New York demonstrates American style.....2675

French fabric novelties. Florence Burchard 1373
French openings show diversity in colors, patterns and textures. Betty Hirschberg 708
Gingham spruces up with novelty patterns. Thomas Nelson..... 88
Knit overplaids. G. L. Logan..... 2469
Knitting novelty yarn. J. B. Lancashire 2027
Lancashire-Cahill debate on knit patterns concluded 1788
Matelasse variations. S. C. Veney..... 93
Motif in the draw and another in the chain help to create new weaves. William Higgins 1580
Novelty suiting selected by college girls for style show..... 949
"Paint box prints"..... 2678
Pile fabrics in the upholstery field. H. P. Galloway 1389
Pique, warp featured in summer wear. Thomas Nelson 1144; comment, Y. L. Chang 2261
Rayon staple begins to assume an important place in textiles. I. J. Saxl.. 154
Rolling ends on split basket weave prevented. Montague, Haller, Hayes.... 2261
Spun rayon fabric designs..... 104
Staple cotton fabrics; cotton warp, rayon filled crepe, seersucker, monie crepe. John Hoye 1386
Staple cotton fabrics; crepes. John Hoye 1157
Staple cotton fabrics; diaper cloth, curtain madras, rice cloth. John Hoye.. 2014
Staple cotton fabrics; five leaf filling twill, sateens, filling sateens. John Hoye 281
Staple cotton fabrics; grosgrain. John Hoye 2470
Staple cotton fabrics; moleskins, reinforced twills, fine yarn high count twills, French back serge twills, cotton shantung, umbrella cloth. John Hoye 97
Staple cotton fabrics; monk's cloth, warp rep or moreen. John Hoye..... 2674
Staple cotton fabrics; pique, bedford cord. John Hoye..... 1791
Staple cotton fabrics; plisse and blister crepes, embossed crepes. John Hoye. 1596
Staple cotton fabrics—waffle cloths. John Hoye 2240
Staple cotton fabrics; warp sateens. John Hoye 714
Student style show at Raleigh, N. C.... 1181
Theme-song designs 2012
Underwear fabrics for spring. P. W. Niles 99
Windsor's influence on men's wear watched. Florence Burchard..... 1373
Winter offerings from Paris. Betty Hirschberg 2017
Woven bathing suits for 1938. Eleanor Weaver 1770

Dyeing

A.S.M.E. meeting discusses dyeing machinery 2467
Agar temperatures controlled in printing vat colors. Malcolm Mackay..... 1785
Beam dyeing 2658
Corset cloth dyeing..... 2689
DuPont enlarges dye laboratory..... 122
Fiber resists dye..... 296
Iridescent hosiery 1784
Knit goods' processing. E. S. Dunlap.. 965
Mohair and cotton fabric is streaky... 113
New dyes and chemicals.....120, 302, 746, 985, 1189, 1409, 1620, 1812, 2271, 2489, 2697
Polo cloth is streaked..... 2031
Rayon-acetate fabric dyed with streaks. 2265
Rayon staple stock dyeing. H. O. Kennette 1979
Records of dyeing orders which permit intelligent planning. W. B. McKay... 1154
Redyeing rayon fabrics. Philip LeBrun 89
Sales of domestic coal-tar dyes 1927-1936 529
Saponifying acetates. Philip LeBrun.. 2471
Stripping acetate dyes..... 1403
Upholstery fabric dyeing..... 112
Waste from dyehouse treated by W. G. Leininger Knitting Co. Schinman & Ruth 2670
Weighing of dyes in hosiery dyehouse. S. G. Newman..... 2235

E

Engineering

Air conditioning. A. W. Benoit (Mill engineering section) 2444
Anti-friction bearings cuts down power consumption at Belgian Spinning Co. F. A. Westbrook..... *1381
Boiler plant at woolen mill displaces two old units. J. C. Bogue..... 948
Boiler water tests..... 298
Building construction. A. J. Cooper (Mill engineering section)..... 2442
Conditioned water—modernization of a filter plant. Rose, Weinhold & Applebaum 710
Control instruments for precision..... 500
Control instruments (Mill engineering section) 2454
Controlling algae in air conditioners. S. H. Coleman..... 2689
Conveyor installation brings lower handling costs. F. A. Westbrook..... 1787
Dust-filter efficiency increased by rearrangement 2479
Fire protection. P. R. Lowe..... 2446
Helps for engineers and mechanics..... 536
Intra-plant transportation (Mill Engineering section) 2448
Lighting and seeing. R. A. Palmer (Mill engineering section)..... 2439
Lighting up knitting mills. R. A. Palmer 964
Listen to the engineer when power reports talk dollars. S. W. Allen..... 96
Lubrication practices (Mill engineering section) 2440
Machinery makers' recent contributions to rayon progress..... 1987
Outside-air thermometer in intake duct. S. H. Coleman..... 2260
Piping and accessories. H. H. Iler (Mill engineering section)..... 2449
Power generation (Mill engineering section) 2432
Power transmission. Earle Mauldin (Mill engineering section)..... 2435
Regulators and controllers. E. H. Hammond 283
Rejuvenated boilers. N. T. Pef..... 709
S.T.A. Master Mechanics Division meeting 1401
Startex Mills revamped completely..... 1374
Unit heaters. Fred Merish..... 2018
Water for rayon plants..... 980
Water treatment (Mill engineering section) 2453
Windowless plants 534
Wiring at Pepperell. Comer Turley.... 1582

Exhibitions

Beaux Arts Ball pageant..... 74
Brooklyn Museum celebrates rayon's gains 74
Committee D-13 stages first exhibition. 1600
Coverlet history exhibit at Newark, N. J. museum..... 2020
Fashion futures show in New York demonstrates American styles..... 2675
Hall of Textiles for New York World's Fair 2466
Knitting Arts Exhibition at Philadelphia 1164
Knitting Arts Exhibition breaks all records 953
Leipzig Fair—Germany goes synthetic. Paul Wooton 1146
Rayon gowns in the moving pictures... 1996
Southern Textile Exposition at Greenville, S. C..... 715, 1161, 1172
Southern Textile Show exhibitors..... 716
Textile World's guide to Knitting Arts Exhibition 954
Student style show at Raleigh, N. C.... 1181

F

Finishing

Acetate coating provides a variety of finishes. J. H. Lepperhoff..... 1586
Brushed finish for knitted rayon winter underwear. L. A. Jordan..... 707
Cotton finishing profits offset losses in other sections 529
Crabbing is crucial operation in finishing garbardines. G. L. Atkinson..... 1155
Crush-resistant velvet 1152
Dri-Sol process produces unshrinkable wool. A. J. Hall..... 2654
Dry finishing rayon-woolen blends. David Welsh 1782
Five new finishes lead technical advances in processing divisions..... 530
Fulling and napping of rayon-woolen blends David Welsh..... 1598
Helps for overseers..... 532
Japanese finishers. Herbert Leopold... 91
Luster finish on cotton sheeting..... 980
Mercerizing's effect on cotton. Eber Midgley 1382
Mothproofing compounds. Sprankle & Slabaugh 2014
Pile fabric finishing..... 2691
Preventing defects in finishing fancies. G. L. Atkinson..... 275
Printed effect on permanent finish fabric 980
Rayon-woolen blends finishing..... 2265
Scroop finish on glazed yarn..... 2031
Silk thread finishing..... 740
Sizing on cotton warp yarns..... 1594
Sizing worsted yarns..... 1615
Slashing rayon staple. A. L. Landau.. 266
Spun rayon finishing..... 1984
Stiff finish of cotton fabrics..... 113
Wool goods finishing wrinkles. David Welsh 706
Wool-like finish on spun-rayon fabrics produced by synthetic resins. Philip LeBrun 944
Woolen blanket finishing..... 298
Wrinkle prevention in finishing woolen and worsteds. David Welsh..... 940
Fire protection. P. R. Low (Mill engineering section) 2446

G

Germany—Leipzig Fair. Paul Wooton... 1146
Glass fibers demonstrated at Owens-Illinois Laboratory 2657
Great Britain—Staple gains in England... 942

H

Harriman Hosier Mills' Silver Anniversary 2265

Hosiery

Anti-silk hysteria (ed.) 2644
Apex Hosiery Mills air conditions for comfort and efficiency..... 94
Bad matches of full-fashioned hosiery. C. O. Simms..... 1158
Boarding room roof..... 1616
Boil-off operation. W. T. Leggis..... 966
Catch-bar of full fashioned machine may be misaligned. W. A. Simond.. 2009
Conference of hosiery manufacturers in New York 704
Defect in finishing hosiery..... 740
Distorted stitches in full-fashioned hosiery 1183
Dri-Sol process produces unshrinkable wool. A. J. Hall..... 2654
Eighteen hosiery mills established at Hickory, N. C. since 1930..... 2474
Finishing helps for overseers..... 532
Full fashioned defects..... 114
Half hose fixing. I. C. Moore....1790, 2483
Half-hose machine. I. C. Moore..... 1585
Half-hose with elastic top..... 2485
Helps for ocervseers..... 528
Holes and dry bars..... 980
Holes in stockings..... 1615
Iridescent hosiery 1784
Japan's plan to restrict U. S. shipments announced 254
Knit goods show improvement during 1936 525
Knitting Arts Exhibition at Philadelphia 1164
Knitting wheel calculations..... 111
Labor pact signed..... 1773
Men's hosiery adopts the anklet permanently. H. W. Scruton..... 959
Mismatched stockings 1404
N.A.H.M. convention at Philadelphia... 1170
N.A.H.M. convention in New York..... 2464
Ringless patent held invalid..... 1139
S.H.M.A. meeting at Asheville..... 2223
Seamless-hose lengths. G. E. Cottrell.. 1377
Seamless hosiery fashion marks. G. E. Cottrell 278
Seamless hosiery transformed into a high fashion line..... 2224
Selvage cycle. W. A. Simond..... 2652
Setting card flats..... 2266
Shades different in hosiery..... 1183
Slur cock setting. W. A. Simond..... 2479
Spun rayon fabrics. K. N. Merrill..... 1983
Streaks in hosiery.....1403, 2690
Stripes in hosiery prevented by machinery maintenance. C. O. Simms..... 960
Textile World's guide to Knitting Arts Exhibition 954
Transfer point prevented from rusting. I. C. Moore..... 2260
Trial on ringless hosiery patents..... 263
Twists for crepe hose. W. T. Leggis... 702
Valdese, N. C.—From the Alps to Red Hills. J. B. Hicklin..... 1577
Weighing of dyes in hosiery dyehouse. S. G. Newman..... 2235
Welt strips tight..... 296
White spots on hosiery..... 111
Yellowing of silk..... 112

I

Industry forecast 71
International Textile Conference—Report on conference. Blaine Stubblefield... 1140

J

Japan

Cotton exports to the U. S. to be restricted 254
Cotton goods imported from Japan threaten industry but Murchison decision helps 486
Far-East war effect gauged..... 2219
Finishing in Japan. Herbert Leopold.. 91
Hosiery shipments to the U. S. to be restricted 254
Dr. Murchison interprets the Japanese agreement at dinner..... 701
Japanese-American Cotton-Textile Industries Committee—American members appointed 936

K

Knit Goods

Apex Knitted Fabrics established in New York 276
Bleaching knit goods..... 980
Calculations for circular machines. Paul Smith 1590
Calculations for knitters. J. F. Cahill. 2262
Design knitting on circular knitting machines. J. F. Cahill..... 713
Filatex and Controlastic are new elastic yarns 962
Helps for overseers..... 528
Hosiery, underwear, outerwear show improvement in varying degrees..... 525
Kinks in knitting yarn..... 1616
Knit pattern fields. J. F. Cahill..... 712
Knit pattern fields..... 112
Knitting Arts Exhibition at Philadelphia 1164
Knitting Arts Exhibition breaks all records 953
Lancashire-Cahill debate on knit patterns concluded 1788
Lancashire replies to criticism of pattern layout 1385
Lighting up knitting mills. R. A. Palmer 964
Mechanisms for knitting..... 526
Mills established in 1936..... 484
Novelty yarn knitting. J. B. Lancashire 2027

Overcoating, knitted. W. W. Rumford. 967
Overhauling chart for machines. F. J. Quilitzsch 2694
Overplaids, knit. G. L. Logan..... 2469
Processing knit goods. E. S. Dunlap.... 965
Representative modernization work, 1936 485
Rayon plush knitted. L. A. Jordan..... 280
Ridginess in knit overcoating..... 1616
Rowiness in knit fleece..... 298
Spots on knit goods..... 2032
Spun rayon fabrics. K. N. Merrill..... 1983
Stains in knitted glove..... 296
Static in knit tubing..... 2265
30s yarn from 50s top..... 2691
Technical survey 526
Textile World's guide to Knitting Arts Exhibition 954
Tricot knitting production..... 1808
Tricot knitting production. James Rogers 2266
Winding webbing. V. C. Boris..... 292

L

Labor

American Enka Corp. improves employee working conditions..... 2230
Besse submits re-draft of Black-Connery bill 1573
Black-Connery bill (ed.)..... 1357, 1360
Black-Connery Bill. Blaine Stubblefield 1573
C.I.O. moves in (ed.)..... 694
C.I.O. tackles textiles..... 701
Congress again. Blaine Stubblefield... 2457
Ellenbogen bill has less support than predecessor. Paul Wooton..... 255
Employer-employee relations. L. H. Hodges 493
$5,000 invested to create each job in cotton industry. W. G. Ashmore..... 256
General Motors strike and its lessons (ed.) 251
Hosiery pact revived..... 1773
Job study and training for precision. A. H. Mogensen..... 494
Knitted underwear wage scale discussed at Washington 705
Lighting and seeing. R. A. Palmer (Mill engineering section)..... 2439
Measured day work—a wage incentive plan 2649
Mill village sold to employees of Whitney Mfg. Co..... 1774
Nightmare. Jack Card..... 1361
"On call" layoffs abolished. G. W. Reid 1802
Southern Conference on Human Relations 1775
Southern mill village (ed)..... 1762
Strike in 300 silk mills results in TWOC agreements 2008
Textile payroll trends charted by U. S. Bureau of Labor..... 1388
Textile Workers Organizing Committee. D. G. Woolf..... 932
Textile Workers Organizing Comm. must show that it's a constructive enterprise, not destructive..... 1143
TWOC in the South—Summary of first half year 1772
Textile Workers Organizing Committee signs up some mills but faces internal strife 1142
This is a hearing. Jack Card..... 1571
Time-motion study. A. H. Mogensen.... 494
Wage-hour bill. Besse, Constantine, Gutterson, Forbes, Jacobs, Durham, Daal, Blunt, Willson..... 2458
Wages-hours bill. Blaine Stubblefield.. 2646
Wage-hour legislation. Blaine Stubblefield 2004
Wages and hours (ed)..... 1762
Where do we go from here? (ed)..... 1569
Linen—Loop strength test for yarn. A. C. Clifford 2673

Looms

C & K loom census shows need for modernization 2672
Inspection system for looms. W. F. Parry 2480
Loom-belt slippage 296
Loomfixers manual—cotton sections. Ivar Moberg 1764; 2232; 2486; 2667
Loomfixers manual—wool section. B. F. Hayes 2013; 2487; 2666
Rayon looms. Albert Palmer..... 1368
Shuttles slide from box..... 2266

M

Machinery—Rayon's progress with better equipment 1987
Textile machinery sales in 1936 only 6% under 1929 482

Maintenance

Beam stand improved..... 1178
Belting maintenance. C. L. Hubbard... 1613
Boring large holes in wood. H. H. Iler. 1398
Checking incidental costs..... 110
Cleaning services (Mill engineering section) 2452
Cleaning steel rolls with hand drills... 110
Cleaning travelers 2261
Cleanliness pays dividends..... 109

Knit overplaid. G. L. Logan.....2469
Knitted overcoating. W. W. Rumford.. 967
Production control in a small woolen mill. J. E. Martel.....1786
Rayon-woolen blends dry finished. David Welsh 1782
Shady woolen filling.....1808
Vicuna—the world's finest fabric.....1584
Weaving weak woolen yarns. William Fox 292
World Textile Conference — Meeting in Washington 936

WORSTED MANUFACTURING

Combing worsted 2032
Conveyor installation brings lower handling costs. F. A. Westbrook.....1787
Crabbing operation in finishing gabardines. G. L. Atkinson.....1155
Equipment for spinning worsted knitting yarn 740
French comb—accurate machine settings needed. J. C. Lowe.....2664
French comb. J. C. Lowe.....2239
Garbardine defect 1403
Garbardine has streaks.....1807
Gilling wool better. J. C. Lowe..... 86
Rayon staple on worsted machines. H. W. Rose 1981
Serges, shaded. David Welsh..... 292
Sizing worsted yarn.....1615
30s yarn from 50s top.....2691

Authors' Index
